Search the web or other news sources for information about the recent hacks on Google from China and Google's response to those hacks. Write a two-page summary of what happened, Google's response, and reactions to the entire event. Cite the references that you use in your summary.

Type your summary into a word processor such as Microsoft Word, Open Office, or Google Docs. At the top of the first page, type "Homework 1" and your name. Do not use more than two pages, and format the summary as follows. Use a 12 point font, and double-space your text. Do not add an extra line between paragraphs, but indent the first line of each paragraph. The text of this paragraph follows these guidelines.

Submit your summary to me electronically in .DOC, .DOCX, or .PDF format, via email to walker@cs.kent.edu or rawalke1@kent.edu with "Homework 1" as the subject of the email. I will reply to your email to confirm the receipt of your assignment.
